FORMS VS. SERVICES

We offer individual forms for you to complete on your own. We also offer document preparation services where we prepare the documents using a questionnaire that you will have completed and returned to us. An appointment will then be scheduled for signing and notarization. All Services that require a notary include the notary fee.

LAST WILL & TESTAMENT

A **LAST WILL & TESTAMENT** is a written document (testament) in which a person (the testator) directs how his or her assets (estate) are to be distributed upon death. Among other provisions, a will may appoint executors to administer the estate and name guardian(s) for a child. Usually, the law requires that the testator must have testamentary capacity when making the will, that it be witnessed by two or more credible witnesses and that it be notarized, though this varies state to state.

POWER OF ATTORNEY

- Form - \$6.95 - Additional \$8.00 Notary Fee

A **DURABLE POWER OF ATTORNEY FOR HEALTHCARE** is primarily intended to give your named Attorney-In-Fact the power to make medical decisions, sign consents and/or releases with hospitals and/or doctors.

- Full Service - \$24.95 - Includes Notary Service

A **SPECIAL (LIMITED) POWER OF ATTORNEY** allows (or authorizes) the person you name (i.e., your Agent, "attorney-in-fact") to perform a particular transaction. The Limited Power of Attorney restricts the authority of the Agent to a specific situation, limited time-period, or type of legal action.

Generally, a Limited Power of Attorney is used for the sale of real or personal property, but it can cover any specific situation or need that may exist. For example, if someone has moved out of state and wants to sell their house without returning to the state (just to sign the real estate documents for closing a transaction), they may grant a Limited Power of Attorney for that purpose only.
